

Additional Review - Motions to Redeem:

- A motion to redeem a motor vehicle must include the required attachment showing the valuation. LBR 6008-1 requires that a motion to redeem state the value of the vehicle based upon a valuation from any recognized used vehicle guide or appraisal, a copy of which must be attached.

Typical guides are NADA and Kelly Blue Book. Printouts from those websites are acceptable. An appraisal is performed by a third party (business or individual).

- A motion to redeem a motor vehicle must include an explanation if the suggested redemption amount is less than the amount stated in the guide. LBR 6008-1.
- The valuation attached to the motion to redeem a motor vehicle must refer to the same motor vehicle that is referenced in the motion.
